H-71, Annanagar, Police colony
Trichy.

Career Objective

Highly motivated B.Sc. AI & ML student at St. Joseph's College, Trichy, with a strong interest in Space Science and Satellite Data Analysis. Eager to apply machine learning techniques to real-world aerospace challenges during a short-term internship (May 5 - June 5).

TECHNICAL SKILLS

- Programming Languages: Python (NumPy, Pandas, Matplotlib, Scikit-learn).
- AI/ML Concepts: Data Pre-processing, Supervised Learning, Image Classification.
- Tools: VS Code, Jupyter Notebook, Google Earth Engine (Basic).
- Domain Interest: Satellite Imagery, Remote Sensing, Geospatial Data.

Education

St. Joseph's College , Trichy

2024-2027

B.Sc. AI & Machine Learning

II-B.Sc. in AI & Machine Learning
CGPA:8.40

Boiler plant girl's higher secondary school, Trichy

2018-2024

HSS percentage :74%

PROJECTS & PRESENTATIONS

Project 1 Title: Aegis - Agri Sentinel Hub (Paper Presentation)

Developed a framework using Satellite Data and AI to monitor agricultural health.

Focused on analyzing Sentinel satellite imagery to provide insights into crop growth and soil health.

Presented the technical paper at Indira Gandhi college, Trichy and also won the second prize .

Project 2 Title:Natural Soil Detection using Monte Carlo Simulation

Implemented Monte Carlo simulation to analyze and detect soil types with high accuracy.

And also Won the First Prize in the paper presentation held at Bishop Heber College.

Internship Duration Availability

- Available for a dedicated 1-month internship from May 5, 2026, to June 5, 2026.

- Bonafide Certificate from St. Joseph's College is available.
